## PROFILE

Information Technology student with a strong foundation in Python, HTML, CSS, KNIME, SQL, MongoDB, Docker, Git, GitHub, and Computer Networks.

I consider myself a quick learner, comfortable using any type of platform or tool, including Microsoft Office tools, Microsoft Teams, video editors, and Artificial Intelligence tools.

## EDUCATION

University of Minho — Bachelor's Degree  
Oct 2020 — Jun 2023

University of Minho — Master's Degree  
Sep 2023 — Present

Note: In the first year of my Master's, I chose the Networks area, with two (2) profiles: Next Generation Networks and Internet Engineering, each with three (3) courses. This gave me a strong knowledge base in this field and, consequently, a solid theoretical foundation in cloud systems and cybersecurity.
